

## Technical Specification

### Pink Antistatic Profiled Foam Part No: 64001 and 64002

A flexible polyurethane profiled foam having antistatic (low charging) properties suitable for transit packaging and cushioning static sensitive devices

Complies with IEC 61340-5-1

Density 20 . 23 kg/m<sup>3</sup>

Colour: Pink

Surface Resistance: < 1 x 10<sup>10</sup>Ω

Hardness: 110 . 115 N

Compression set: 10% maximum

Manufactured with amine free antistatic additive

Supplied in sheets, rolls or cut pieces
