

## ESD Shoe Policy

We feature the most popular ESD shoe styles on our website and these can all be purchased online. (Styles not featured on our website can also be purchased from us. Please contact us to request a copy of the manufacturers' catalogue and price list).

Many of the styles featured are in our Stock Range.

Shoes bought from the Stock Range can be returned and exchanged for different sizes or styles of shoes from the Stock Range (subject to a carriage charge).

Any shoes returned for exchange must be unworn, in pristine condition and in the original packaging.

Shoes not selected from our Stock Range cannot be returned.

We do not accept any returns unless the shoes are faulty. Any shoes that are proven to be faulty will be replaced.
